

CARGAZING

2018 JEEP GRAND CHEROKEE

Scaling New Heights in 2018

PRESS RELEASE

Celebrating 25 years, Jeep Grand Cherokee is the most-awarded SUV ever and the vehicle that has long defined what a premium SUV should be. Legendary Jeep capability comes courtesy of four available 4x4 systems, Jeep's Quadra-Lift air suspension system and class-leading Selec-Terrain traction management system.

Grand Cherokee boasts best-in-class towing of 7,400 pounds and a crawl ratio of 44.1:1. For 2018, the Jeep brand expands its Grand Cherokee lineup with the introduction of the new Trackhawk model – the most powerful and quickest SUV ever – that already includes the most capable factory-produced and most luxurious Grand Cherokee models ever with the Trailhawk and Summit.

Grand Cherokee's most exciting new addition for 2018 is the 707-horsepower Trackhawk model.

The new Sterling Edition, shown here, marks the Grand Cherokee's 25th anniversary.

A refined exterior design — complete with available bi-xenon headlamps with signature LED daytime running lamps (DRL) — provides a premium appearance. Grand Cherokee SRT and Trackhawk models feature an aggressive, functional exterior design that optimizes airflow and cooling with the signature seven-slot upper front grille flanked by adaptive, bi-xenon headlamps. The headlamps on the Trackhawk model feature a unique

Gloss Black background to accent their jewel-like appearance. Interior luxury is achieved with premium amenities, including Natura leather, exotic open-pore wood trim and unique color offerings.

NEW FOR 2018

— New Grand Cherokee Trackhawk model expands lineup with most powerful and quickest SUV ever featuring a supercharged 6.2-liter V-8 engine that delivers 707 horsepower, 645 lb.-ft.

of torque, 0-60 miles per hour in 3.5 seconds, quarter-mile in 11.6 seconds and top speed of 180 mph

— Grand Cherokee models are equipped with standard Apple CarPlay and Android Auto through the latest version of Uconnect's 8.4-inch touchscreen radio system that features higher resolution and pinch-and-zoom capability

— Higher-resolution 7-inch screen replaces the standard 5-inch Uconnect radio system

— Grand Cherokee
