2019 HONDA INSIGHT

## Efficient Design

PRESS RELEASE

The 2019 Honda Insight sedan joins Honda's growing family of electrified vehicles as a dedicated hybrid sedan. Insight features the kind of fuel efficiency hybrid buyers demand, but with sleek styling, robust acceleration, and driving refinement they might not expect.

Though the third Honda to bear the Insight name, the 2019 Insight is all new, positioned as a premium compact sedan between the Civic and Accord. Its universally appealing styling wraps around a refined 5-seat interior with class-leading interior space, premium appointments and the latest technology, such as standard Honda Sensing and available in-car Wi-Fi, Apple CarPlay and Android Auto integration.

With power derived from the latest generation of Honda's innovative two-motor hybrid system, Insight also offers robust acceleration performance along with an EPA-estimated 55 mpg city rating. Refined and responsive driving performance at the top of its class is assured by the adoption of the 10th-generation Civic body and chassis architecture along with numerous enhancements.

The new Insight comes standard with the Honda Sensing suite of advanced

The Insight offers user-customizable interior storage options.

safety and driver-assistive technologies. All trims also come with a multi-view backup camera system, and

EX and Touring models come with Honda LaneWatch. Insight Touring models also include the lat-

est iteration of HondaLink, which offers multiple cloud-based services including a 4G Wi-Fi mobile hotspot (data plan required), smartphone-based remote vehicle locking/unlocking, stolen vehicle tracking and more.

### DESIGN

The sleek lines, coupe-like profile, and wide stance of the new Insight communicate a sophisticated yet elegant design. Details like

the "flying wing" grille, standard low-profile LED headlights and taillights, tasteful use of chrome, and dynamic character lines emphasize its premium compact sedan character.

Careful attention was paid in wind-tunnel testing to control airflow over, under, and around Insight for optimum fuel efficiency and noise reduction. Insight's interior benefits from numerous storage compartments, including a multi-level user-configu-

### BY THE NUMBERS

**Base price:** \$22,830  
**Wheelbase:** 106.3 in.  
**Length:** 183.6 in.  
**Width:** 71.6 in.  
**Height:** 55.5 in.  
**Motor:** In-line four-cylinder and AC Synchronous Permanent-Magnet, 107 hp, 99 lb.-ft. torque  
**Transmission:** Drive Force Transfer System  
**EPA mileage:** 55 city, 49 highway

rable storage area between the front seats. On the center console next to the shift-by-wire gear selector is a cell phone pocket designed to accommodate larger smartphones.

### DRIVING MODES

Insight drivers can choose Normal, Econ or Sport modes. Econ alters throttle inputs to help optimize fuel efficiency. Sport provides more aggressive throttle inputs while drawing more on the battery for a more energetic acceleration feel. Additionally, Sport alters the Active Sound Control for a more aggressive engine note. A fourth mode — EV Mode — allows the driver to select electric-only power for short durations, such as when entering or exiting your neighborhood.
